GOPHER BAIT STATIONS ARE OUT

They are a white plastic tube that are
not easily accessible to other
animals, and clearly identify that they contain
poison. They are located in various areas where
gophers are known to be a problem such as the
cemetery and outlying parks, and are only out
until the grass turns green. The product is
GOPHER DOOM, is sold by POULIN's
Exterminator Services, and was chosen because
it has no secondary kill to cats, dogs or birds. The
Town of Claresholm has used it for over 10 years
with no reported problems.

**PLEASE CAREFULLY MONITOR YOUR PETS
AROUND THESE STATIONS!**
